### **Requesting a Tax Return Transcript from the IRS**

- If you or your parent are unable to locate a copy of the Tax Return, you may request one from the IRS.
- Go to <http://www.irs.gov> and click on *Get Your Tax Record*.
- Click on *Get Transcript by Mail*, and follow the prompts using the primary tax-payer's information.
- Choose *Tax Return Transcript* as the requested form, and **2023** as the tax year. **Enter the student's ID number in the Customer File Number box.** The transcript will be mailed to the address on the tax return. We are unable to accept an "Account Transcript," as it does not contain all the required information.
- Repeat the process for the student or parent, as necessary.
- If you or your parent(s) amended the 2023 tax return after submitting the FAFSA, a signed copy of the 1040X will be required.

### **Requesting a Verification of Non-Filing Letter from a foreign tax authority**

- A Verification of Non-filing Letter or other confirmation of non-filing is only required when verifying income earned from work for a non-tax filer who would file a foreign tax return with a foreign tax authority.

### **Requesting a Wage and Income Statement from the IRS**

- Go to <http://www.irs.gov> and click on *Get Your Tax Record*.
- Click on *Get Transcript by Mail*, and follow the prompts using the primary tax-payer's information.

### **Special Situations (may require additional documentation):**

- If your parents are separated but not divorced, they may still both be required to provide tax information.
- If your parents are married but filed taxes separately, both parents will be contributors and will need separate FSA IDs, and will need to provide consent. Both will need to provide signed copies of their returns or request a tax return transcript and turn in a copy.
- Biological/adoptive parents who are unmarried but living together will be contributors and will need separate FSA IDs, and will need to provide consent as well as tax returns for the verification process.
- If your custodial parent is remarried, your step-parent must also provide consent to transfer federal tax information (FTI) on the FAFSA, and will be required to submit a tax return for the verification process, if they filed separately.
- If your parents were married and filed a joint return in 2023, but are now divorced, you may submit a Parent Marital Status form and a *Wage and Income statement*. The parent who provided more than 50% of the financial support for the student during the last 12 months will need to enter their tax data manually on the FAFSA.
