

UIW Service Mission Scholarship Application

Overview

The UIW Service Mission Scholarship aims to help financially qualified UIW registered students defray some of the costs of participating in an official UIW international service mission program. Official service mission programs encompass a UIW program, center, or department representative that lead UIW students to an int'l location aimed at implementing UIW's mission of *service* for our global community.

Award

For students to be eligible for this tuition reduction scholarship, the service mission program must be pre-approved by the International Affairs Office. It is the responsibility of the leader or director of the mission program to obtain pre-approval in writing.

Students, who are financially qualified, may receive **up to** \$500.00 in tuition reduction, per int'l service mission program. If financially qualified, the tuition reduction scholarship will be automatically applied towards the student's tuition. Students can only be awarded up to one (1) scholarship per fiscal year. Scholarship funds shall only be applied to the cost of participation in the program. Any unused funds are non-transferrable. The scholarship award will be automatically cancelled if the student drops out of the program, for any reason, at any time.

The International Affairs Office is not obligated to award any funds.

NOTE: Funding for the UIW Service Mission Scholarship is limited and is funded per fiscal year. Once the scholarship funds are exhausted, scholarships will no longer be awarded.
